Oregon Tech Student Affairs

Mission Statement

The Student Affairs Division affirms the University’s mission through opportunities for access, holistic development, and success. Student Affairs departments collaborate with students, faculty, staff, and external communities to support students’ persistence to graduation and professional success beyond graduation.

Strategic Goals

In pursuit of our mission and core values, we have established four key strategic goals to focus our priorities. These goals will positively impact the University’s overarching goal of increasing retention and graduation rates. Therefore, the Division of Student Affairs will:

1. Provide and promote an exceptional experience for every student from their initial contact through graduation and then as an alum.
2. Serve as a model of diversity, equity, inclusion, and collaboration in everything we do as a division and as departments.
3. Prioritize effectiveness and efficiency.
4. Assess and advocate for adequate physical space, facilities and equipment that ensure safe and productive environments that improve student success and performance.

Department Mission Statement

The Office of Housing and Residence Life strives to build an on-campus community that promotes academic success and fosters personal growth of Oregon Tech students. The Residence Life program is designed to augment the formal experience of the classroom and laboratory, while providing opportunities for residents to meet others from diverse backgrounds and cultures, and to develop a sense of community within the Residence Halls.

Goal 1: Provide reasonably priced living environments that are clean, attractive, well maintained, comfortable and safe.

Provide student and full-time staff all necessary tools to appropriately respond to an emergency.	Consistent response to policy questions and violations as seen through documentation (work orders, incident reports, Campus Safety reports).	Environmental survey results continue to show how students feel safe in on campus housing facilities, with presence of HRL and Campus Safety staff as well as proxed exterior doors, which are always locked..
Maintain and share the professional on call schedule for Residence Life and Facilities related emergencies.	No more than 24 hours passes before response to safety related work. Goal is to resolve any safety related work orders within the same day of receipt.	
Participate in Campus Safety Officers training.	Immediate response to phone calls and reporting of incidents to the Housing Office, calls to the on-duty staff team, as well as calls to Campus Safety.	
Maintain membership by one HRL staff member on the university Safety Commission to ensure residential student needs and safety issues are addressed.	Issue is resolved and documented within an hour time limit of the issue being reported.	
Maintain important level of communication with Campus Safety and respond to all Campus Safety or HRL staff generated reports of safety issues within 24 hours of receipt of report.	Student satisfaction on the Quality of Life survey is at a 3.5 or above on a 5-point scale.	
	Few if no incidents reported in the Annual Campus Safety Report
