

Campus Safety

Assessment Plan 2023 – Beyond

Assessment Cycle: 2021-2024

Group	Objective	Timeline	Action Plan	Outcome Measure
<i>On Campus Student Population</i>	Search for ways to ensure that students are safe on campus.	Annually	Solicit on-campus groups and departments (SIB, DICE, Res Life) to promote student safety.	Surveys and strategies from solicited groups directed at on-campus students and their given responses.
<i>Off Campus Student Population</i>	Search for ways to ensure that off campus students are heard by Campus Safety personnel while on campus.	Annually	Solicit on-campus groups and departments (SIB, DICE, faculty) to promote student safety.	Surveys and strategies from solicited groups directed at on-campus students and their given responses.
<i>ITS personnel, Parking Representative</i>	<i>Continue to enhance the Parking Division of Campus Safety.</i> Find ways to continue to enhance the latest parking program.	Annually	Work with ITS personnel and Parking Representative to through continued adjustments to ensure efficiencies.	Survey the Parking program for clear information to the campus community along with efficiency for issued citations, warnings, and the appeals process.
<i>Campus Safety personnel along with Residence Life personnel.</i>	Search for employment opportunities for students with interest in patrol and parking programs.	Annually	Provide increased employment opportunities for students. Collaborate with Campus Safety personnel along with Residence Life.	Campus Safety to employ students that have an interest in the safety/security profession.
<i>Select individuals</i>	Oregon Tech campuses must find ways to better serve the campus community with state-of-the-art surveillance hardware and software.	Ongoing	Seek methods to purchase and install a campus-wide video surveillance system(s). Work with REMS director along with the Director of Development, Executive Director of Programs and Grants along with the VP of Student Affairs	Secure a budget large enough to afford Oregon Tech campuses the means to purchase surveillance equipment for buildings, outbuildings and parking lots etc.

Campus Safety

Assessment Plan 2023 – Beyond

Assessment Cycle: 2021-2024

Group	Objective	Timeline	Action Plan	Outcome Measure
<i>Campus faculty, staff and students/select off campus community visitors</i>	Collaborate with others to establish ways for the campus community to provide feedback, information or even concerns about campus parking.	2023/2024 academic years	Solicit campus students, faculty, and staff to provide feedback for efficient parking on campus. Provide surveys to the campus community, schedule meetings that include off-campus stakeholders	Monitor feedback from the campus community and others regarding the latest parking modifications.
<i>Oregon Tech Executive Staff</i>	Position Active Assailant training as a mandatory requirement for all faculty, staff, and students	2022/2023 academic year	Meet with executive staff to point out the extraordinary benefit of training in this much-needed cause.	Training in Active Assailant will empower groups of community members to know what can be done if an active assailant is ever dealt with on campus.
<i>Local law enforcement agencies (KFPD, KCSO and OSP)</i>	Target areas of collaboration to patrol campus perimeters 24/7	Annually	Meet semi-regularly with KFPD, Sheriff's Office and OSP personnel to enhance patrol coverage for Klamath Falls campus boundary's location.	Campus Safety will attempt to reach an agreement with local LE agencies to assist us in patrolling select campus areas semi-regularly for overall campus safety.
