

September 21, 2016

Oregon Tech is committed to assisting all members of the Oregon Tech community in providing for your safety and security. The annual security and fire safety report for the **2015 calendar year** is now available for viewing. You can find this report on the Oregon Tech website at: <http://www.oit.edu/faculty-staff/campus-safety/annual-reports> under Campus Security Annual Reports. Please click on the PDF entitled **Klamath Falls 2015**. The Wilsonville report is also available on this website. Please click on the **Wilsonville 2015** PDF on this page to view it. ***These reports are the most current ASR (Annual Security Report) created with the latest campus information from the 2015/16 academic year and beyond, and providing crime stats for the 2015 calendar year by federal mandate.***

If you would like to receive these reports in print form, you can stop by the Klamath Falls Campus Safety office located in Cornett Hall 230. Copies of the Klamath Falls report will also be available in select offices and academic support areas in all classroom buildings, the DOW Center for Health Professionals, Facilities Services along with the College Union, Learning Resources Center, Integrated Student Health Center, Athletics and residential buildings. Copies of the Wilsonville report will be available at select areas of the Wilsonville campus. Please call the Wilsonville campus at (503) 821-1250 for more information on where you can pick up a copy. The Human Resources office in Klamath Falls will have copies of the reports available to all perspective employees. Perspective students will be given a copy of this report upon request as well. If you would like a copy mailed to you, please contact Campus Safety at (541) 885-1111. You can also request a PDF copy to your Oregon Tech e-mail account. Please contact me at the information provided at the end of this document.

This report is required by federal law and contains policy statements, definitions of crimes, resources and annual crime statistics for the university. It also provides an overview of reporting options and how to report a crime. The website PDF and printed form contain information regarding campus security and personal safety including topics such as crime prevention, disciplinary procedures, bystander intervention, Campus Security Authority information, training opportunities and other matters of importance related to security and safety on our campuses. The reports also contain information about crime statistics for four previous calendar years concerning reported crimes that occurred on or immediately adjacent to the campuses. Since the Klamath Falls campus has on-campus housing, there is a separate fire safety section of the report with stats on recorded fires and sprinkler system types for each campus housing building. There is also valuable information pertaining to fire safety and what to do in case of a fire in a campus housing building.

If you have any questions pertaining to this report, please do not hesitate to contact me. Thank you and have a great year at Oregon Tech.

Sincerely,

Ed Daniels, Director of Campus Safety Patrol and Parking Services
Cornett Hall 231
