PREFACE

“The facts of the present won't sit still for a portrait. They are constantly vibrating, full of clutter and confusion.”

W. Macneile Dixon

The Oregon Institute of Technology Fact Book is designed to provide an annual portrait or ‘snapshot’ of reliable information to the OIT community and its constituencies. Since 2005-06 is a self-study year prior to the Northwest Association of School and Colleges 10 year Accreditation site visit, every effort has been made to include data that is useful for subcommittees working on gathering information for this purpose.

The electronic version of this document is found on the OIT Institutional Research website at http://www.oit.edu/ir, and has a new look this year due to the launch of OIT’s re-designed web pages. You will still find information on OIT’s students, faculty, degrees granted, retention, and finance, but it is clustered in *pdf documents organized by topic area.

This eighth edition of the Fact Book has been produced by Dale Estes, Research Analyst, in the Institutional Research office. Comments for the improvement of future publications should be sent to Dale or me by email (anjela.uchi@oit.edu or dale.estes@oit.edu) or also to Dr. Joseph Holliday, Vice President for Student Services and Enrollment Management (joe.holliday@oit.edu).

Anji Duchi
Institutional Research Director
