Information Sessions
Are you interested in a career in Emergency Medical Services? Attend our information session where you can learn about our new programs, meet our faculty and take a look at our new facility.

Choose from two information sessions:
- Monday, April 7 | 6 - 7:30 pm
- Monday, June 2 | 6 - 7:30 pm

Advance your Pre-hospital Career with OHSU and Oregon Tech

For over 36 years we have had one of the top Paramedic Education programs in the country and now we’re expanding into some exciting new areas including:

- **EMT-Basic Education Program** — this is the entry point to begin your training in the EMS field! This certificate is comprised of a two class series providing the basic knowledge and hands on skills necessary to be certified and work as an EMT in the field.

- **Complete General Education Offerings** — we offer all the pre-requisite college coursework needed to continue your training into the Paramedic program, our Bachelors of EMS Management, and most other allied health careers including the Anatomy and Physiology course series.

- **Paramedic AAS degree program** — we’re continuing to make exciting changes and enhancements to our core Paramedic programs, including use of fresh human cadavers, primary EMS research opportunities as well as full immersion high-fidelity simulation training.

- **Bachelors of Science in EMS Management** — designed with training in advanced clinical skills, a foundation in general management practice as well as specific EMS management training, learn how this bachelors program will help leverage your marketability as a pre-hospital provider.

Join us for an information session at our new Wilsonville campus
