

How to Find Full Text Articles in the OIT Library's Electronic Resources

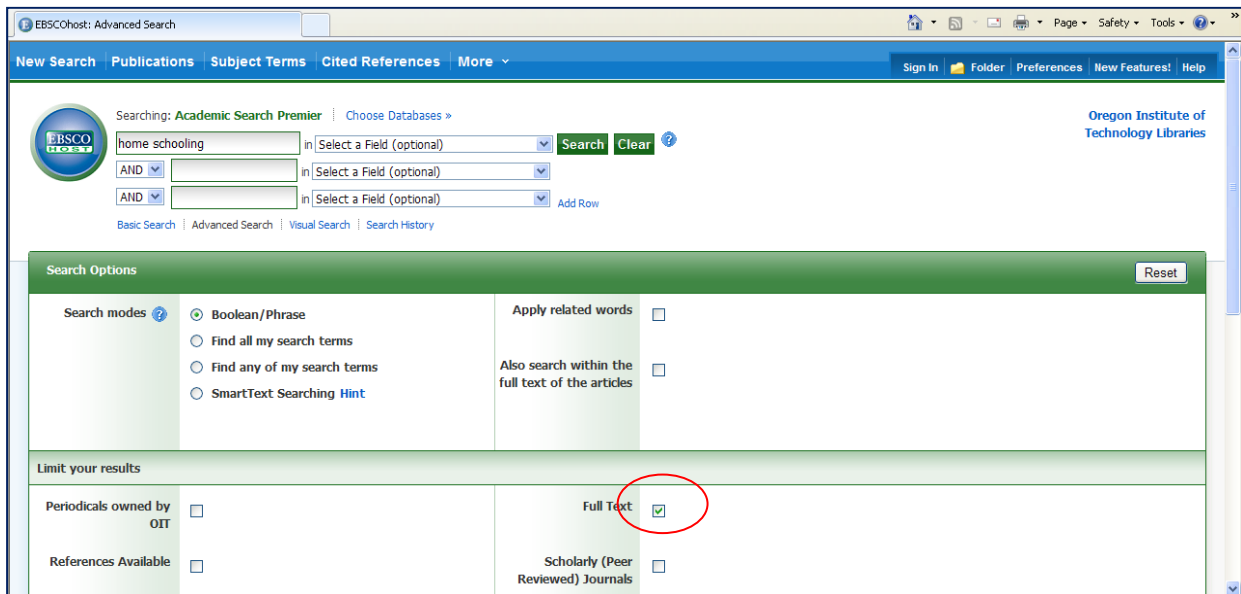

1. If you are using one of EBSCOHost Electronic Resources:

It can be one or several of these:

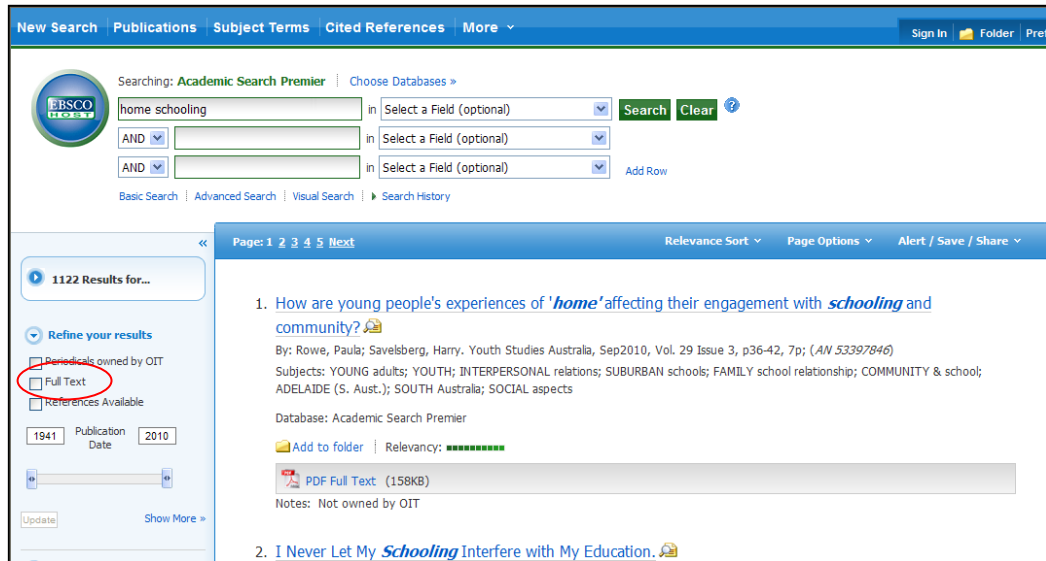

Academic Search Premier, Business Source Premier, CINAHL with Full Text, MEDLINE, Health Source: Nursing/Academic Edition, Health Source - Consumer Edition, Alt Health Watch, Psychology and Behavioral Sciences Collection, ERIC, Professional Development Collection, Communication & Mass Media Complete, Newspaper Source, GeoRef, Computer Source, Legal Collection.

You can do any of the following:

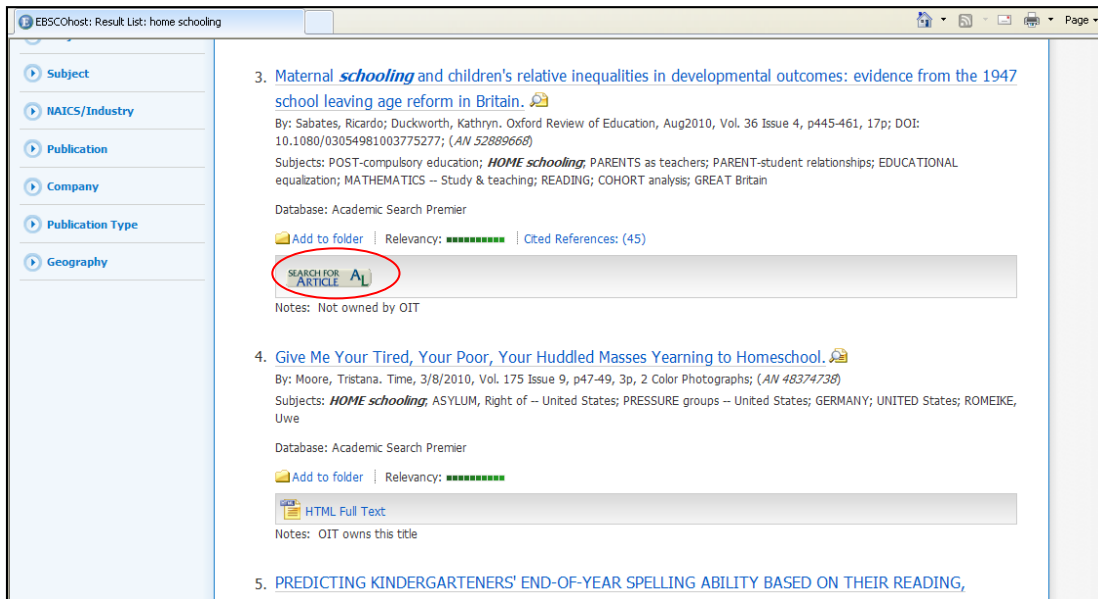

- Search only for the articles with full text available by selecting **Full Text** option **before searching**. (**Caution**: with this option you might miss relevant articles which do not have full text attached, and therefore won't be found):

- Select the same option **after searching**, if you get too many results (the same caution applies):

- If a link to full text is not available, use **Article Linker** , located below or inside records on the results list:

The Article Linker will open a new window to allow you a few choices. If your article can be found in full text in another OIT Library electronic resource, you will get this message:

Remember: the ordering and delivery process takes a few days, so plan ahead.

The same Article Linker can be found in **PsycINFO** and **PsycARTICLES** electronic resources.

Note: The online article request form uses the word “**number**” for the journal **issue**. This number can be found in most article records (citations):

Homeschool: An American History by Milton Gaither. Citation Only Available By: COCHRAN, CASEY PATRICK. History of Education Quarterly, Feb2010, Vol. 50 **Issue 1**, p97-100, 4p; DOI: 10.1111/j.1748-5959.2009.00249.x; (AN 47829502).

In some citations it might be placed in parentheses after the volume number: 138(5).

2. If you are using one of FirstSearch Electronic Resources:

It can be one or several of these:

Article First, Arts & Humanities Search, Biology Digest, Business & Management Practices, Business Dateline, Business Organizations, Contemporary Women's Issues, Dissertation Abstracts, GEOBASE, GPO Monthly Catalog, OAIster, PapersFirst, ProceedingsFirst, and World Almanac.

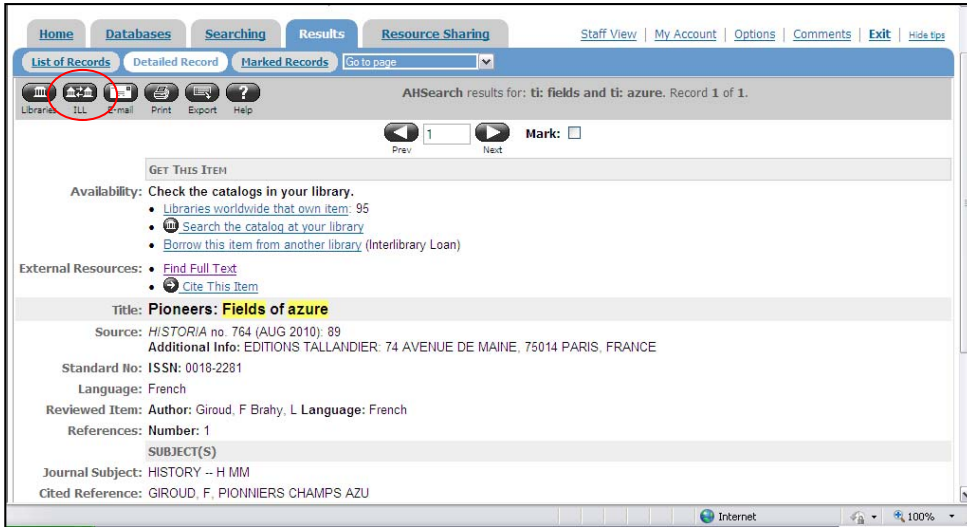

These electronic resources do not provide a way to limit your results to articles in full text only.

Use **Article Linker** in article record to search for full text:

The screenshot shows a search result page for 'Pioneers: Fields of azure'. At the top, there are navigation icons (Libraries, ILL, Email, Print, Export, Help) and a search bar with '3' and 'Mark: []'. Below the search bar, there is a 'GET THIS ITEM' section with 'Availability: Check the catalogs in your library.' and a list of options: 'Libraries worldwide that own item: 95', 'Search the catalog at your library', and 'Borrow this item from another library (Interlibrary Loan)'. Under 'External Resources:', 'Find Full Text' is circled in red, along with 'Cite This Item'. The main record information includes: Title: **Pioneers: Fields of azure**, Source: *HISTORIA* no. 764 (AUG 2010): 89, Additional Info: EDITIONS TALLANDIER: 74 AVENUE DE MAINE, 75014 PARIS, FRANCE, Standard No: ISSN: 0018-2281, Language: French, Reviewed Item: Author: Giroud, F Brahy, L Language: French, References: Number: 1, SUBJECT(S), Journal Subject: HISTORY -- H MM, Cited Reference: GIROUD, F, PIONNIERS CHAMPS AZU, Article Type: Book Review, Accession No: 000280304500078, Database: AHSearch.

Note: The options provided by the Article Linker for the FirstSearch electronic resources are the same as the ones for the EBSCOHost.

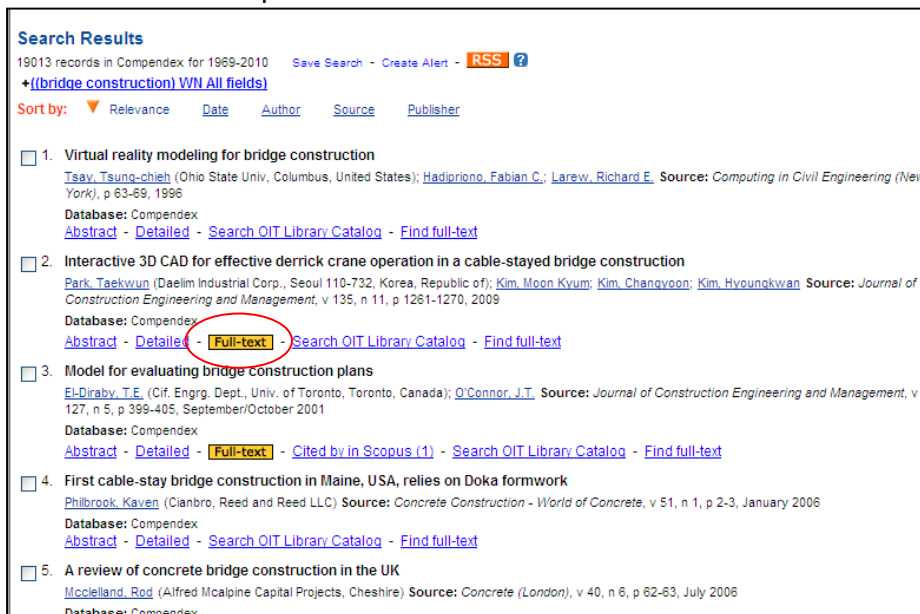

Besides Article Linker you can use the **ILL (Interlibrary Loan)** button to order an article from another library. It can also be found in the article record:

Fill out the form that appears. The article title is already provided.

3. If you are using Engineering Village:

There are several options to obtain full text in this electronic resource.

This link often brings you to the publisher's website, where you are asked to pay for the full text.

Preferred way is to use the **Find full-text** link. It opens the Article Linker which is already familiar to you from the other electronic resources.
