### Academic Honors

At each Commencement, OIT recognizes academically outstanding students who will receive a *bachelor's degree*. These honors are based on all OIT courses. Students must have 75 OIT credits to be eligible for honors unless they are in a degree completion program. Honors for those students are

based on all OIT courses and transfer courses used for the degree. Academic honors are based on the following criteria:

Cum Laude (with honor)  
3.50-3.74 grade point average

Magna Cum Laude (with high honor)  
3.75-3.89 grade point average

Summa Cum Laude (with highest honor)  
3.90-4.00 grade point average

Honors, for Commencement purposes, are calculated on **Winter** term grade point averages. A final calculation is done once **Spring** grades are finalized. Summer

graduates are not included in the Honors calculations for Spring Commencement.

Honor graduate names will be posted in the Registrar's Office at the end of May. If you believe you qualify for honors but do not find your name on the list, please contact the Registrar's Office at (541) 885-1300.
