Subject: Wilsonville Incidental Fee problem

Dear Board of Trustees:

It is my understanding that for 2015-16, Wilsonville ASOIT intended to increase the health fee by \$15 for a total of \$30 but the posted fees had an increase of \$30 to the incidental fee and no change to the health fee. They did not request an increase to any fees for the 2016-17 academic year, but asked to correct the fees by decreasing the Incident fee by \$30 and increasing the health fee by \$15. Overall, the students are charged \$15 less than what was published for 2015-16.

Thanks,
Kristen Marsters
ASOIT President
Incidental Fee Commission Chair
