

New Uniforms. Same Great Service.

Because of recent changes in state law, Oregon college and university security and public safety departments have been required to make some changes to their operations. One of the changes specifically deals with the officers' appearance. Because of these new requirements, Oregon Tech's Campus Safety Patrol and Parking Services changed the appearance of our officer uniforms to better match our university colors. Gone are the light blue "Class A" shirts along with the outside Kevlar vest carrier. The current uniform shirt is polo style with the names of the officers and badge number embroidered on the chest. "Campus Safety" is embroidered in large lettering across the back of the shirts as well. All Campus Safety patrol officers will wear the new uniform shirts. They are gold in color along with navy BDU-style pants. The Parking Enforcement Representative will also have a similar gold shirt with embroidered name but will have gray pants for the uniform colors.

Campus Safety is still available to meet all of the university's security and safety needs. This commitment has not changed in the slightest. Call the Campus Safety department at 541.885.1111 or 541.885.0911 for emergency needs on campus. Campus Safety is on the job 24/7/365. Please do not hesitate to contact us. Please contact me if you have any questions or concerns regarding the latest uniform changes.

Thank you,

Ed Daniels

Director, Campus Safety Patrol and Parking Services
