580-061-0120

Mistakes

(1) Generally. To protect the integrity of the Competitive Process and to assure fair treatment of Offerors, the University should carefully consider whether to permit waiver, correction, or withdrawal for certain mistakes.

(2) University Treatment of Mistakes. The University will not allow an Offeror to correct or withdraw a Solicitation Response for an error in judgment. If the University discovers certain mistakes in a Solicitation Response after Opening, but before award of the Contract, the University may take the following action:

(a) The university, in its sole discretion, may waive or permit an Offeror to correct a minor informality. A minor informality is a matter of form rather than substance that is evident on the face of the Solicitation Response or an insignificant mistake that can be waived or corrected without prejudice to other Offerors. Examples of minor informalities include an Offeror's failure to:

(A) Return the correct number of Signed Solicitation Responses or the correct number of other documents required by the Solicitation Document; or

(B) Sign the Solicitation Response in the designated block, provided a Signature appears elsewhere in the Solicitation Response, evidencing an intent to be bound; or

(C) Acknowledge receipt of an Addendum to the Solicitation Document, provided it is clear on the face of the Solicitation Response that the Offeror received the Addendum and intended to be bound by its terms, or the Addendum involved did not affect price, quality, or delivery.

(b) The university may correct a clerical error if the error is evident on the face of the Solicitation Response or other documents submitted with the Solicitation Response and the Offeror confirms the University's correction in Writing. A clerical error is an Offeror's error in transcribing its Solicitation Response. Examples include, but are not limited to, typographical mistakes, errors in extending unit prices, transposition errors, and arithmetical errors, instances in which the intended correct unit or amount is evident by simple arithmetic calculations. In the event of a discrepancy, unit prices will prevail over extended prices.

(c) The university may permit an Offeror to withdraw a Solicitation Response after Closing based on one or more clerical errors in the Solicitation Response only if the Offeror shows with objective proof and by clear and convincing evidence:

(A) The nature of the error;

(B) That the error is not a minor informality under this subsection or an error in judgment;

(C) That the error cannot be corrected under subsection (b) of this subsection;

(D) That the Offeror acted in good faith in submitting a Solicitation Response that contained the claimed error and in claiming that the alleged error in the Solicitation Response exists;

(E) That the Offeror acted without gross negligence in submitting a Solicitation Response that contained a claimed error;

(F) That the Offeror will suffer substantial detriment if the University does not grant it permission to withdraw the Solicitation Response;

(G) That the University's or the public's status has not changed so significantly that withdrawal of the Solicitation Response will work a substantial hardship on the University or the public it represents; and

(H) That the Offeror promptly gave notice of the claimed error to the University.

(d) The criteria in subsection (2) (a) of this rule will determine whether the University will permit an Offeror to withdraw its Solicitation Response after Closing. These criteria also will apply to the question whether the University will permit a Offeror to withdraw its Solicitation Response without forfeiture of its Bid bond (or other Bid security) or without liability to the University based on the difference between

the amount of the Offeror's Solicitation Response and the amount of the Contract actually awarded by the University, whether by Award to the next lowest Responsive and Responsible Bidder or the best Responsive and Responsible Offeror or by resort to a new solicitation.

(3) Rejection for Mistakes. The University will reject any Offeror in which a mistake is evident on the face of the Solicitation Response and the intended correct Solicitation Response is not evident or cannot be substantiated from documents submitted with the Solicitation Response.

580-061-0125

Low Tie Bids

(1) Definition. Low Tie Bids are low tied Responsive Bids from Responsible Bidders that are identical in price, fitness, availability, and quality and that meet all the requirements and criteria set forth in the Solicitation Document.

(2) Award. In the event of a Low Tie Bid, the University will award the Contract based on the following order of precedence:

(a) An Emerging Small Business that meets the definition in ORS 200.005(3) and that maintains a current certification issued by the State of Oregon;

(b) An Entity whose principal offices or headquarters are located in the State of Oregon;

(c) If neither Subsection (a) nor (b) apply, award of the Contract will be made by drawing lots.

580-061-0130

Rejection of Individual Solicitation Responses and Offerors

(1) The University may reject, in whole or in part, any Solicitation Response not in compliance with all prescribed Solicitation Response procedures, Contract provisions, and Specifications contained in the Solicitation Document or upon a Written finding by the University that it is in the public interest to do so.

(2) Reasons for rejection. The University may reject a Solicitation Response upon the University's findings that include, but are not limited to, the Solicitation Response:

(1) The purpose of this rule is to require adversely affected or aggrieved Offeror on the University solicitation to exhaust all avenues of administrative review and relief before seeking judicial review of the University's selection or Award decision.

(2) Types of Protests. The following matters may be protested:

(a) A determination of responsibility or lack thereof;

(b) A determination of responsiveness or lack thereof;

(c) The rejection of a Solicitation Response, unless notice of rejection has been previously provided under chapter 580, division 061, section 0130(5) of the University policy:

Unless otherwise specified in the Solicitation Document, an Offeror must deliver a Written protest to the University within seven (7) Days after the Award of a Contract or issuance of the notice of intent to Award the Contract, whichever occurs first. Protests must be clearly marked on the outside of the envelope with the title or the number of the Solicitation Response and that it is a protest to ensure that it is recognized and recorded.

(4) Content of Protest. An Offeror's protest must fully specify the grounds for the protest and include all evidence that the protestor wishes the University Vice President for Finance and Administration, or designee to consider. Failure to include any ground for the protest or any evidence in support of it will constitute a final knowing, and voluntary waiver of the right to assert such ground or evidence. A protest must include a conspicuous marking identifying the type and nature of the protest.

(5) A protest of a Solicitation Document may be made only if a term or condition of the Solicitation Document, including, but not limited to, Specifications or Contract terms violates applicable law. The University will (upon altering the Solicitation Document in response to a protest) promptly transmit the revised Solicitation Document to all Offerors and extend the Closing where appropriate. The University may choose, in its sole discretion, to close the procurement process without making an Award and begin a new procurement process.

(6) A protest of the selection of one or more Contractors requires the protestor to demonstrate, as applicable:

(a) That all higher-ranked Offerors were ineligible for selection or that the protestor would have been "next in line" to receive the Award and was eligible for selection; and

(b) That the Offeror selected was ineligible.

(c) In the case of a sole source procurement, that the Single Seller selected is not the only Contractor or consultant reasonably available to provide the personal or professional services, goods, services, Professional Consultant services as defined in chapter 580, division 061, section 0010 of the University policy, Construction-Related Services as defined in chapter 580, division 061, section 0010 of the University policy, or combination of Professional Consultant services and Construction-Related Services.

(7) A protest of the rejection of a Solicitation Response must demonstrate that the University's decision was materially / in error or that the University committed a material procedural error and that any such error, alone or in combination with other errors, was a "but for" cause of the rejection.

(8) Response. The Vice Chancellor for Finance and Administration or the University Vice President for Finance and Administration, or their designee, will have the authority to settle or resolve a Written protest. A protest received after the time set out in the Solicitation Document will not be considered.

The Vice President for Finance and Administration, or designee will issue a Written final agency order of the protest in a timely manner. If the protest is upheld, in whole or in part, the university may, in its sole discretion, either Award the Contract to the successful protestor or cancel the procurement or solicitation. Contract Award may be made prior to issuance of the final agency order if authorized by the Vice President for Finance and Administration, or their designee.

(9) Judicial Review. Judicial review of the University's decision relating to a Contract Award protest will be available pursuant to the provisions of ORS 183.480 et seq.

(c) The University may adjust the evaluation of a Proposal as a result of a discussion under this section. The conditions, terms, or price of the Proposal may be altered or otherwise changed during the course of the discussions provided the changes are within the scope of the Solicitation Document.

(d) If best and final Proposals are required, the University will establish a common date and time by which Proposers must submit best and final Proposals. Best and final Proposals will be submitted only once, provided, however, the University may make a written determination that it is in the University's best interest to conduct additional discussions, negotiations, or change the University's requirements and require another submission of best and final Proposals.
