## Event Security Approval

Have you considered all of the details of the event you are planning? Do you know how to respond to any incident that may arise? Consider this an opportunity to think ahead about what might happen, and avoid a situation where you find yourself unprepared. This form must be completed and approved for all concerts, dances, or other events that may require security.

If you have questions about this form, contact the College Union Director (5-1036), or Campus Safety Director (5-1111). Complete both sides of this form, obtain all signatures, and return it to College Union Information Office no later than $\mathbf{1 0}$ days prior to the event. Space in the College Union will not be confirmed until this form is approved and returned.
